Van Available

Greenwich Interfaith was successful in a DOT 5310 grant request to obtain a handicapped accessible bus that will be delivered in the next few months. As a result we will have a 14 passenger 2002 Ford van with around 45,000 miles on it that we would like to donate to another church or community group.

The reason for this donation is that we were given our first vehicle in the year 2000 to be used for our summer lunch program. Our present transportation program has grown from that beginning to still include the summer lunch program, but now it includes medical transportation, weekly grocery shopping and rides for the youth activity program. Because our group was the benefactor of great generosity initially, we would like to “pay it forward” and donate the van to a similar group. Preference will be given to services provided in a rural area to youth and/or elderly populations.
